Entrances and exits to clean room laboratories and production areas

Changing rooms, air showers

Areas requiring electrostatic sensitivity

Dimensions	Product Code
120 x 60 cm	WSM-4126
120 x 90 cm	WSM-4129
60 x 180 cm	WSM-4618
60 x 90 cm	WSM-4069
66 x 114 cm	WSM-4611
90 x 332 cm	WSM-4933

How to Apply?

1. Remove the protective paper from the double-sided tape on the back.

2. Thoroughly clean the surface and place the mat.

3. Thoroughly clean the surface and place the mat.

4. Trim the excess from the edges for a clean finish.

How to Clean It?

1. Spray the mat with cleaning solution (30% ethanol) or water.

2. Clean the dirt on the mat with a sponge.

3. Use a squeegee to remove any remaining moisture and allow the mat to dry.

4. Wipe the area with a damp mop.
